

You're getting

*married!*

Let's talk about it.

# Hey there!

*lovebirds!*

**I'm Helen**, the heart and soul behind The Nomad Creative. With over 15 years in the wedding industry, and 10 incredible years as a photographer, I have enjoyed capturing the magic of weddings and transforming them into timeless visual stories.

My passion goes beyond just pretty pictures. I'm your wedding day wingwoman, here to guide you through the planning process, ensure every moment unfolds seamlessly and capture the raw emotions and genuine connection that makes your love story unique.

*With little direction from us,  
Helen took charge and made  
the entire process fun and  
stress-free.*

# Stress-free planning

**With over 15 years in the industry,  
I'm your guide and confidant.**

Let's chat timelines, brainstorm creative ideas and ensure every detail aligns with your vision. I can even recommend fantastic vendors who can complement your unique personalities and your dream day the way you want it.

# Effortlessly you

**I believe your photos should reflect who you truly are,** not staged scenarios. Through candid moments and natural light, we'll create a visual narrative that captures the essence of your love story.

*Her ability to read people and capture personalities through photo is truly exceptional.*

# Beyond the expected

*Helen was phenomenal, she  
captured every moment, incredible!*

**Megan**

**Sure, I'll capture the traditional moments flawlessly,** but my true passion lies in those unexpected, candid gems. These are the moments that define your day, the laughter shared with loved ones, the quiet joy between you both and the pure, unadulterated love that fills the air.

# Timeless masterpieces

*Our photos aren't just gorgeous, they are us through and through. We will cherish these photos forever.*

**Kristy**

**The final product isn't just photos:** it's a visual heirloom that captures the emotions and atmosphere of your special day. These are images you'll treasure for a lifetime, a reminder of the love, laughter and joy that filled your wedding celebration.

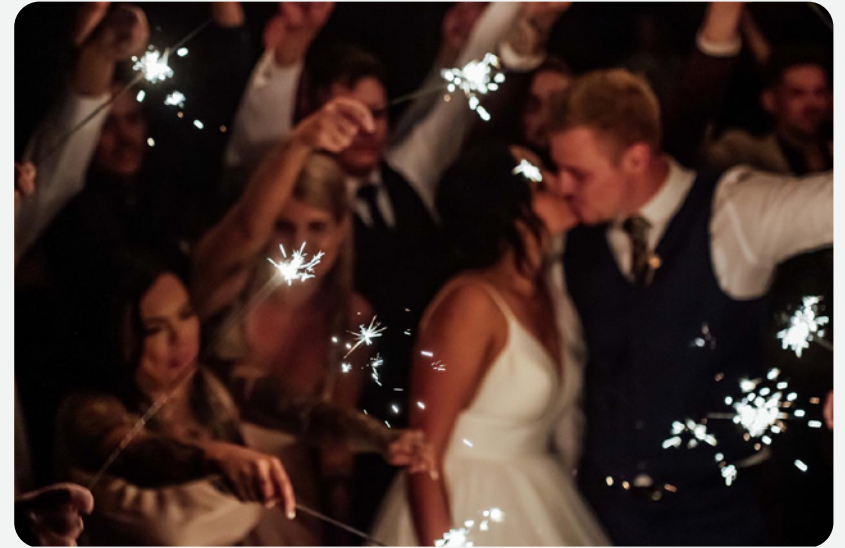

# A seamless experience

**I capture the magic without being intrusive.** This means you (and your guests!) can relax and enjoy every moment, confident that I'm documenting it all.

*I also got so many comments from our guests about how efficient she was and how she just blended into the party.*

**Megan**

*We would never have thought about going to a market garden or getting ice cream for photos, but we did, and it was perfect.*

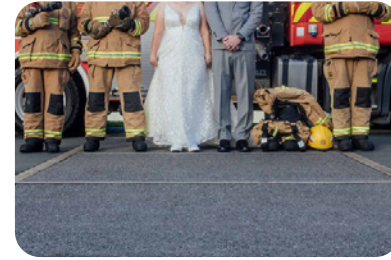

**Kristy**

# Let's get creative

I'm about capturing those everyday wedding basics but **I love to get creative with perspective, locations and posing.** I am called The Nomad Creative after all!

# Details

**Your story is full of intricacies,** and I love when I get the opportunity to snap up all the little details that make your wedding **YOURS**, your favourite flower, a feather in your bouquet - I know how much love you put into all of it and I **LOVE** snapping these moments for you to have as a keepsake to remember this day by.
